

## INTENSIVE BEHAVIORAL HEALTH SERVICES

# Serving Children, Youth, and Families

## IN THEIR COMMUNITIES

Children, youth, and young adults up to age 21 who are struggling with serious emotional or behavioral issues or skill deficits may benefit from our community-based **Intensive Behavioral Health Services (IBHS)**, a program that is designed to give each child the tools they need to face challenges with a greater sense of strength and resilience.

Our services are provided primarily in the elementary and middle schools in the 19111 zipcode. For high schools, our services are provided in the following zip codes: 19128, 19138 and 19150. This allows for increased access to services, streamlining of services in school and at home to one provider, increased school integration and collaboration, and increased family engagement and social service support.

Our team of Behavior Consultants and Mobile Therapists work with each child, youth, or young adult, and their family, to develop an individualized plan to address specific needs and difficulties.

### SERVICES MAY INCLUDE:

- Assessment across settings that are typical for a child, youth, or youth adult
- Functional Behavioral Assessment
- Individual and Family Therapy
- 1-1 individual support in a specific identified setting with a Behavioral Health Technician to teach skills
- Behavior Consultation across settings to develop interventions to teach skills and improve overall functioning
