

TREATMENT FOSTER FAMILY CARE

Serving Children, Youth, and Families

IN THEIR COMMUNITIES

Every child deserves the nurturing, safety, and security associated with residing in a stable home environment. At Gemma Services, we work with families, county agencies, educators, and others involved in a child or teen's life to identify the best possible home to fit the unique needs of each individual through our specialized treatment foster care program.

We provide Family Foster Care services for children from Bucks, Delaware, Montgomery, Northern Chester, and Philadelphia Counties who cannot reside in their own homes. Foster families provide compassionate care in a loving

home environment to address the needs of children with emotional and behavioral challenges to help them heal and flourish. From financial assistance and ongoing training to professional guidance, we work closely with our foster families to ensure that they have the skills and supports that they need to help each child we serve to thrive.
