

FAMILY EMPOWERMENT CENTER

Accompanying People of All Ages

IN THEIR OWN COMMUNITIES

Gemma Services' **Family Empowerment Center (FEC)** is a short-term, voluntary prevention program providing in-home case management, parenting support, and skills-based training for families in Philadelphia. The FEC program connects families with community resources and helps to strengthen and stabilize parents and caregivers who need additional support. FEC services are designed to prevent children from being referred for out-of-home placement. Additionally, we connect families with resources in the community.

In conjunction with our in-home services, FEC offers weekly virtual and in-person parenting workshops during day and evening hours. Topics include: child development, healthy relationships, and strategies to strengthen the family unit. Childcare, transportation tokens, and food are all provided for in-person workshop attendees.
