

RESIDENTIAL TREATMENT PROGRAM

Because You Matter

Our Residential Treatment Program provides 24/7 clinical treatment and trauma-focused care for children and youth who have experienced traumas or significant mental health concerns. Our goal is to provide healing treatment and teach new skills so they can be safe and successful in their homes and communities. Residential services are offered in Plymouth Meeting.

ACCOMPANYING YOUTH AGES 6 TO 14

Our program assists children and youth ages 6 to 14 who have experienced loss, unexpected challenges, and significant trauma, and whose behaviors presently prevent them from living safely at home. We use an individualized, data-informed and evidence-based approach. Each child's family and caregivers are included as full partners during the program. Every day, we seek for youth to experience joy and to know they matter.
